MEMORANDUM FOR: Chief, Military Division, OCI

ATTENTION: [REDACTED]

FROM: Chief, CIA/PID (NPIC)

SUBJECT: Location of Microwave Relay Equipment in the Victoria de las Tunas Area, Cuba

REFERENCE: (a) Requirement OCI/3/63  
(b) CIA/PID Project C 71-63

1. This memorandum is in answer to your requirement dated 16 January 1963 which requested the location of microwave relay equipment in the Victoria de las Tunas area, Oriente Province, Cuba.

2. An "RCA-type" microwave relay station, identified from [REDACTED] photography, is located at 20-57N 76-56W, on the north side of the Holguin highway, 2 nautical miles southeast of Victoria de las Tunas. In addition to the RCA-type equipment, the station has a self-supporting lattice tower with an object on top. Similar towers at Bauta and Calabazar have top-mounted co-linear co-phased stacked possible UHF yagi arrays. This is a high gain narrow beam form of microwave. The self-supporting lattice tower at the Victoria de las Tunas microwave station has been in place since at least [REDACTED]

3. This requirement was answered verbally, as requested, on 28 January 1963.

4. The photo analyst on this project is [REDACTED] and he may be contacted on extension [REDACTED] should you have any further questions concerning this project.

5. This project is considered to be complete.
